**Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance With *Government Auditing Standards***

RSM US LLP

Independent Auditor's Report

County Board of
Rock Island County, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Rock Island County, Illinois (the County), as of and for the year ended November 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 29, 2020. Our report includes a reference to other auditors who audited the financial statements of Rock Island Tri-County Consortium, the discretely presented component unit, as described in our report on the County's financial statements. This report includes our consideration of the results of the other auditor's testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors. However, this report, insofar as it relates to the results of the other auditors, is based solely on the reports of the other auditors.

The financial statements of the Public Building Commission and Forest Preserve Commission, blended component units, which were audited by other auditors, were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a deficiency in internal control, described in the accompanying *schedule of findings and questioned costs* as findings 2019-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests and those of the other auditors disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County's Responses to the Findings

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance For Each Major Federal Program;
Report on Internal Control Over Compliance and
Report on Schedule of Expenditures of Federal Awards Required by
the Uniform Guidance**

RSM US LLP

Independent Auditor's Report

County Board of
Rock Island County, Illinois

Report on Compliance for Each Major Federal Program

We have audited Rock Island County, Illinois' (the County) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended November 30, 2019. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

We did not audit the compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards to the major federal program of the discretely presented component unit, Rock Island County Tri-County Consortium, whose statements reflect \$2,700,704 of expenditures of federal awards for the year ended June 30, 2019, and which were audited by other independent auditors whose report thereon has been furnished to us, and our opinion on compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards to the major federal programs, insofar as it relates to the amounts included for the component unit, is based solely upon the report of the other independent auditors.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit and the report of other auditors provide a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, based on our audit report and the report of other auditors, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended November 30, 2019.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the County as of and for the year ended November 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated June 29, 2020, which contained an unmodified opinion on those financial statements. Our report included reference to other auditors. We did not audit the financial statements of the blended component units, the Forest Preserve Commission and Public Building Commission, or the discretely presented component unit, Rock Island Tri-County Consortium, whose statements reflect none, none, and \$2,700,704, respectively, of expenditures of federal awards for the year ended June 30, 2019. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the basic financial statements, insofar as it relates to the amounts included for the component units, is based solely upon the reports of the other auditors.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion based on our audit, the procedures performed as described above, and the report of other auditors, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Rock Island County, Illinois

Notes to Schedule of Expenditures of Federal Awards **Year Ended November 30, 2019**

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Rock Island County, Illinois (County) and its discretely presented component unit under programs of the federal government for the year ended November 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

Note 2. Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3. Indirect Cost Rate

The County has elected not to use the 10% de minimis indirect cost rate allowed under Uniform Guidance.

Note 4. Component Unit

The amounts included on the schedule of expenditures of federal awards for CFDA Nos. 17.245, 17.258, 17.259 and 17.278 are expenditures for the period July 1, 2018 through June 30, 2019. The County is the grantee of such funds which are administered and expended by the Rock Island Tri-County Consortium, a discretely presented component unit of the County that has a June 30 fiscal year-end. The Consortium and its compliance with its federal programs is audited by other independent auditors.

Schedule of Findings and Questioned Costs (Continued) Year Ended November 30, 2019

II. Findings Related to the Financial Statement Audit as Required to be Reported in Accordance with Generally Accepted Government Auditing Standards

A. Significant Deficiency in Internal Control

2019-001

Finding: The Rock Island County, Illinois Animal Control facility has an inadequate segregation of duties over the collection and recording of cash receipts, specifically the collection and recording of animal control fees.

Criteria: A good internal control system contemplates an adequate segregation of duties so that no one individual handles a transaction from its inception to its completion.

Condition: The operations manager has the ability to collect cash, issue receipts, monitor the receipt number sequence, reconcile the daily receipts, prepare the deposit and prepare daily reconciliation sheet used by the Treasurer's Office to post the receipt transactions. In addition, the same personnel has access to the cash collected for animal control tags, the listing of the tags collected and performs the reconciliation of the animal control tags issued to cash collections.

Cause: One individual has access to all key functions in cash collection, cash deposits and recording revenues in the animal control department.

Effect: Transaction errors or misappropriation of assets could occur and not be detected in a timely manner.

Report finding: This is a repeat of finding 2018-001.

Recommendation: We recommend the County look for ways to strengthen internal control by realigning or reassigning duties where practical including but not limited to:

- A cash collection system which is integrated with the general ledger to post cash collections. Read only access should be provided to those who perform the reconciliations of cash receipts.
- Someone independent of the receipt and cash collection process should reconcile the daily receipts.
- Cash receipt sequence be monitored by someone independent of the cash receipt process.
- Original documentation is provided to the Treasury Department in addition to the daily reconciliation sheet.

Response: Management has reviewed the finding and agrees.

B. Instances of Noncompliance

No matters reported.

Rock Island County, Illinois

Schedule of Findings and Questioned Costs (Continued)
Year Ended November 30, 2019

III. Findings and Questioned Costs for Federal Awards

A. Internal Controls

No matters reported.

B. Instances of Noncompliance

No matters reported.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED NOVEMBER 30, 2019

Identifying Number: 2018-001

Audit Finding: The Rock Island County, Illinois Animal Control Facility has an inadequate segregation of duties over the collection and recording of cash receipts, specifically the collection and recording of animal control fees.

Corrective Action Taken or Planned: Not corrected. Due to the low available staff, segregation of duties was very difficult in years past. However, with the County Board approving the expansion of work hours for the clerical staff at the facility and the hiring of two (2) additional employees provided to the County by the PAWS fundraising group, the Operations Manager has not needed to perform all the cash collection and recording duties. However, she has stated the need to be able to.

Identifying Number: 2018-002

Audit Finding: Internal controls should be in place that provide reasonable assurance that nonrecurring transactions and manual journal entries are reviewed for completeness and validity by a member of management on a timely basis.

Corrective Action Taken or Planned: Corrected. Management will review and approve all nonrecurring transactions and manual journal entries on a timely basis.

Identifying Number: 2018-003

Audit Finding: Internal controls should be in place that provide reasonable assurance that nonrecurring transactions and manual journal entries are reviewed for completeness and validity by a member of management on a timely basis.

Corrective Action Taken or Planned: Corrected. Management will review and approve all nonrecurring transactions and manual journal entries on a timely basis.
