Division of Water Pollution Control ANNUAL FACILITY INSPECTION REPORT

for NPDES Permit for Storm Water Discharges from Separate Storm Sewer Systems (MS4)

This fillable form may be completed online, a copy saved locally, printed and signed before it is submitted to the Compliance Assurance Section at the above address. Complete each section of this report.

Report Period: From March, 2021 _____ To March, 2022 _____

Permit No. ILR40 0268

MS4 OPERATOR INFORMATION: (As it appears on the current permit)

Name: Rock Island County _____ Mailing Address 1: 1504 3rd Ave, Room 305 _____
Mailing Address 2: _____ County: Rock Island _____
City: Rock Island _____ State: IL Zip: 61201 _____ Telephone: 309-558-3771 _____
Contact Person: Greg Thorpe _____ Email Address: gthorpe@co.rock-island.il.us
(Person responsible for Annual Report)

Name(s) of governmental entity(ies) in which MS4 is located: (As it appears on the current permit)

Rock Island County _____

THE FOLLOWING ITEMS MUST BE ADDRESSED.

- A. Changes to best management practices (check appropriate BMP change(s) and attach information regarding change(s) to BMP and measurable goals.)
 - 1. Public Education and Outreach
 - 2. Public Participation/Involvement
 - 3. Illicit Discharge Detection & Elimination
 - 4. Construction Site Runoff Control
 - 5. Post-Construction Runoff Control
 - 6. Pollution Prevention/Good Housekeeping
- B. Attach the status of compliance with permit conditions, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the MEP, and your identified measurable goals for each of the minimum control measures.
- C. Attach results of information collected and analyzed, including monitoring data, if any during the reporting period.
- D. Attach a summary of the storm water activities you plan to undertake during the next reporting cycle (including an implementation schedule.)
- E. Attach notice that you are relying on another government entity to satisfy some of your permit obligations (if applicable).
- F. Attach a list of construction projects that your entity has paid for during the reporting period.

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony. (415 ILCS 5/44(h))

ANNUAL FACILITY INSPECTION REPORT
NPDES PERMIT FOR STORM WATER DISCHARGES
FROM MUNICIPAL SEPARATE STORM SEWER SYSTEMS (MS4)

ATTACHMENT ITEMS A, B, C, D, E, AND F

ITEM A. No changes to best management practices.

ITEM B. Rock Island County is predominately in compliance with the General NPDES Permit No. ILR40(0268) permit conditions. The county has implemented a Storm Water Management Program, which is enforced as described below. The program has six minimum control measures and appropriate best management practices with measurable goals. Listed below are the goals that Rock Island County reached or is working toward along with the policies that will continue to be enforced.

A. Public Education and Outreach

- Rock Island County distributed storm water pollution prevention information with 750 building permit applications and continues to make the information available to the public at the County offices and on its website.
- Rock Island County participated in the 8th Annual Quad City Stormwater Conference

B. Public Participation and Involvement

- A Rock Island County representative participated in quarterly stakeholder meetings with Soil & Water Conservation and various municipalities within Rock Island County.
- Rock Island County is in talks to utilize students from a local college to monitor specific water sources throughout the county. When completed, it will establish baselines that stream condition can be measured against going forward.

C. Illicit Discharge Detection and Elimination

- Rock Island County is utilizing our county GIS program to locate all county maintained access road culverts, bridges, enclosed storm sewer and outfalls. These locations will continue to be recorded and maintained electronically using GPS and the GIS program and will aid the County in the detection and elimination of illicit discharges.
- Rock Island County continued to enforce the Illicit Discharge section of the Stormwater Ordinance. 0 instances were investigated and resolved.

C. Illicit Discharge Detection and Elimination (continued)

- Rock Island County continued to educate members of the residential, commercial and industrial sectors on illicit discharges through the Stormwater Management information provided on the County website. The website continues to be updated as necessary.
- Rock Island County is forming a training program to educate employees on the detection and reporting of illicit discharges. Once in place, the county will continue to train employees on a yearly basis.

D. Construction Site Runoff Control

- Rock Island County Zoning Department reviewed plans and issued 39 permits for projects meeting permit requirements. Plans are reviewed to account for appropriate project BMP's and their maintenance.
- The County continued to enforce the Stormwater Ordinance and document violations, court appearances and fines related to erosion and sediment violations. For this period 0 violations resulted in \$0.00 in penalties in an effort to abate site runoff.
- Rock Island County did not complete any in-house construction that disturbed more than 1 acre of land surface.
- Rock Island County staff received training on the proper installation of erosion and sediment controls to enhance inspection of permitted sites for compliance to the Stormwater Ordinance.

E. Post-Construction Site Runoff Control

- Post construction runoff controls were inspected and documented in the same manner as the construction runoff controls. Suggestions were offered to sites with deficiencies and follow-up visits were performed to ensure compliance.

F. Pollution Prevention/Good Housekeeping

- Rock Island County is working on implementing a program to train appropriate employees on pollution prevention and good housekeeping practices. Once in place, employees will be trained on a yearly basis and training will be recorded in corresponding employee files.
- The county continues to follow the State Model Floodplain Ordinance and issue floodplain development permits. 81 permits were issued and monitored in the period of March 1, 2021 through February 28, 2022.

ITEM D. The following is a summary of the storm water activities Rock Island County will undertake during the reporting period from March 2021 – March 2022:

- Continue updating outfall maps

ITEM F. Construction projects in the Rock Island County MS4 Area that were paid in part by Rock Island County:

- Routine maintenance of County maintained roadway and right-of-way.
- Sec. 20-00380-00-BR – Rehabilitation of Structure 081-3084, Rock Island/Milan Parkway over Mill Creek

7th ANNUAL

QUAD CITIES STORMWATER CONFERENCE

We are back with a new venue to bring you all the latest news and updates in stormwater management!

About this event

Meeting the challenges resulting from extreme weather events requires a workforce with qualified individuals, teams, firms, and agencies who employ cutting-edge practices and have the capacity to use a toolbox of solutions to best meet project goals. This conference is crafted to deepen the technical knowledge of professionals involved with stormwater

management and provide in-person forums where leading issues and regulation updates in the sector are discussed.

Free parking will be available in the Mid-American parking lot kiddie corner from Stardust (see map below)
